1. Regulations, Definitions and the Trust Approach

1.1 General

This policy has been developed in accordance with the Department for Education (DfE) statutory guidance: [Working-together-to-improve-school-attendance](#) (19th August 2024) and [Parental-responsibility-measures-for-behaviour-and-attendance](#)

The guidance is based on the following pieces of legislation, which set out the legal powers and duties that govern school attendance:

- Part 6 of the [Education Act 1996](#)
- Part 3 of the [Education Act 2002](#)
- Part 7 of the [Education and Inspections Act 2006](#)
- [The Education \(Pupil Registration\) \(England\) Regulations 2006 \(and 2010, 2011, 2013, and 2016 amendments\)](#)
- [The Education \(Penalty Notices\) \(England\) \(Amendment\) Regulations 2013](#)
- [The School Attendance \(Pupil Registration\) \(England\) Regulations 2024 \(legislation.gov.uk\)](#)
- It also refers to:
 - [School census guidance](#)
 - [Keeping Children Safe in Education](#)
 - [Mental health issues affecting a pupil's attendance: guidance for schools](#)

Under Section 444 of the 1996 Education Act a pupil is required to attend regularly at the school where they are a registered pupil. The school is obliged by law to differentiate between authorised and unauthorised absence.

1.2 Aim

The Board of Directors and each academy are committed to a positive policy of encouraging pupils to attend regularly. Each academy will work with parents/carers, and pupils to secure this aim.

Regular attendance at school is vital. Without it, the learning process becomes fragmented and unsatisfactory; absence results in missed learning. It is a legal requirement that pupils of compulsory school age receive full-time education and this, with the exception of those educated at home or elsewhere, means regular attendance at school. Irregular attendance results in pupils not fulfilling their true potential, being placed at risk and being drawn into patterns of anti-social or criminal behaviour. Therefore, we take the issue of attendance very seriously and do all we can to obtain very high attendance from all our pupils.

Improving attendance is everyone's business. The barriers to accessing education are wide and complex, both within and beyond the school gates, and are often specific to individual pupils and families. Good attendance begins with our schools being somewhere pupils want to be and that school is a calm, orderly, safe, and supportive environment where all pupils are keen and ready to learn.

It is the legal responsibility of every parent to make sure their child receives that education either by attendance at a school or by education otherwise than at a school.

The purpose of this attendance policy is to ensure that each academy has efficient systems, known to all, ensuring that pupils who should be attending have registered twice daily, or a reason for non-attendance is known to the academy. Roles and responsibilities are clarified and the academy's procedures are detailed. We aim to emphasise the importance of, and secure, maximum attendance at school to enable pupils to take full advantage of their educational opportunities by:

- Making explicit to all relevant parties the Trust's expectations for attendance levels
- Communicating to all relevant parties (staff, parents, pupils) the legal position with respect to attendance and the categories of absence which are authorized
- Securing good and improving levels of attendance in all year groups in the academy
- Constant scrutiny of attendance records to ensure there are no specific groups for whom attendance is a problem
- Acting early to address emerging patterns of absence
- Keeping children safe, as attendance is a key part in the monitoring of safeguarding. This policy links to Children Missing from Education, FGM, Child Protection and Prevent Policies
- Securing good communication between class teachers, form tutors, pastoral team and Directors of Year with education welfare staff to ensure good monitoring
- Rigorous investigation of the reasons for pupils' absence
- Appropriate recognition and rewards for pupils with good and improving levels of attendance
- Appropriate work with the families of pupils who are poor or inconsistent attenders causing concern in any way, stressing the need to achieve high attendance
- Securing good levels of attendance in specific periods e.g. on Mondays and Fridays, the day or week preceding a holiday
- Securing good levels of punctuality throughout the school day
- Implementing good procedures for monitoring post-registration truancy
- Follow-up on absence causing concern with appropriate bodies e.g. FGM, Forced Marriage, CSE, Prevent, Abuse and Neglect.

1.3 Admission Register

The admission register for each academy shall contain an index in alphabetical order of all pupils at the academy and shall also contain the following particulars of every pupil:

- Name in full
- Sex
- Name and address of every person known to the academy to be a parent/carer of the pupil and, against the entry on the register of the particulars of any parent/carer with whom the pupil normally resides, an indication of that fact and a note of at least one telephone number at which the parent/carer can be contacted in an emergency
- Day, month, and year of birth
- Day, month and year of admission or re-admission to the academy; and
- Name and address of the school or academy last attended.

For the purposes of the 2006 regulations a pupil is only a pupil at an academy from the beginning of the first day on which the academy has agreed, or has been notified, that the pupil will attend the academy.

1.4 Taking the Attendance Register

The register must record the following:

- whether the pupil is present, absent, or attending an approved educational activity
- When a pupil of compulsory school age is absent it must be marked as an 'authorised' or 'unauthorised' absence (see 1.5 below)
- the nature of the approved educational activity (for a pupil of compulsory school age) see section 1.6.

1.5 Authorised Absence

Absence shall be treated as authorised if:

(a) the pupil has been granted leave of absence (see 1.8 – 1.10)

(b) the pupil is unable to attend -

(i) by reason of genuine illness or unavoidable cause (see 1.7);

(ii) on a day exclusively set apart for religious observance by the religious body to which his parent/carer belongs. This is intended for one off situations rather than regular or recurring events.

Where the reason for a pupil's absence cannot be established at the time when the register is taken, that absence shall be recorded as unauthorised and any subsequent correction to the register recording that absence as authorised shall be made in accordance with regulation 13 and as soon as practicable after the reason for the absence is established by the person with responsibility for completing the register.

Distance from the academy

A pupil will *not* have failed to attend regularly if the parent can prove that the academy is not within walking distance (defined as two miles for children under 8 and three miles for children over 8), in each case measured by the nearest available route, and where the LA has not made suitable arrangements for:

- transport
- boarding
- changing to another school/academy nearer to the home.

Where there are such occurrences a Senior Leader in the Academy will consult with the LA, and the Principal as appropriate. The absence can be coded as an exceptional circumstance, see 1.7 below.

1.6 Approved Educational Activity

An 'approved educational activity' is defined as:

- one taking place off the academy premises;
- approved by a person authorised by the Principal;
- supervised by a person approved by the Principal;

- of an educational nature, including work experience, field trips and educational visits, interviews with prospective employers, or for a place in higher or further education; and

Link Courses where pupils attend an FE college for part of their time, or franchised pupils receiving part of their education off-site at another location while remaining on roll and under academy supervision (e.g. sick children being taught at home), or attending approved sporting activity.:1.7 Exceptional Circumstances

The exceptional circumstances in which a pupil may be marked as unable to attend are where:

(a) the academy site, or part of it, is closed due to unavoidable cause, such as adverse weather, at a time when pupils are due to attend; or

(b) in the case of a pupil for whom transport is provided by the academy or a local education authority, and whose home is not within walking distance of the academy, that transport is not available; or

(c) Exceptional family circumstances, such as seriously ill relatives or bereavement, and for the funeral service (not extended leave) or visitation for children in the care of the Local Authority (LAC); or

(d) One day allocation to children of service personnel returning from long operational tours; or

(e) Reasonable' time to recover from family trauma or crisis.

1.8 Leave of Absence

(1) Leave can be granted only by the Principal, Head of School or Vice Principals. Parents/carers will be expected to use the academy's official leave of absence request form. Leave may be granted as *short term leave* (see 1.10) or *holiday leave* (see 1.9).

(2) Leave of absence shall not be granted to enable a pupil to undertake employment (whether paid or unpaid) during academy hours except—

(a) employment for the purpose of taking part in a performance within the meaning of section 37 of the Children and Young Persons Act 1963 under the authority of a licence granted by the local authority under that section; or

(b) employment abroad for the purpose mentioned in section 25 of the Children and Young Persons Act 1933[8] where a licence has been granted under that section by a justice of the peace.

(3) Subject to paragraph (4), a pupil may (in exceptional circumstances, see 1.9) be granted leave of absence from the academy to enable him/her to go away on holiday where —

(a) an application has been made in advance to the proprietor by a parent/carer with whom the pupil normally resides; and

(b) the Principal or authorised person (paragraph 1) considers that leave of absence should be granted due to the special circumstances relating to that application. It should be noted that this will only occur in the most exceptional of circumstances (see paragraph 1.9)

(4) Save in the most exceptional circumstances, a pupil shall not in pursuance of paragraph (3) be granted more than five school days leave of absence in any school year.

1.9 Holiday Leave

Holiday leave taken by parents, particularly at the start or end of a term is a major contributing factor in all of our academies to the levels of absence experienced. Parents can be given leave by the academy to take a child on a holiday but only in **exceptional circumstances**. The latest regulations have removed references to family holiday and extended leave as well as the statutory threshold of ten school days. 'Exceptional circumstances' are granted and at the discretion of the Principal following consultation with the Trust's Chief Executive Officer

As a matter of principle, the academies within the Trust will discourage parents and carers from planning term-time holidays. Exceptional Holiday requests will not be considered for pupils whose attendance is below the historic National Average of 96% for primary settings, for pupils whose attendance is below the historic National Average of 94% for secondary settings or for pupils who are in Year 6 until after their SATs have been completed in May or pupils in Year 11 at any point. Should a pupil go on holiday this will count as an unauthorised absence on our records.

Should parents/carers wish to remove their child from the academy for a period of time, a "Leave of Absence" form should be completed and handed into the Attendance Officer, this is in order to track the whereabouts of the child as a part of our safeguarding procedures.

1.10 Short Term Leave

The Academy can legally grant short term leave for family reasons. It is for the Principal or designated persons (see 1.8) to determine the reasonableness.

Where a pupil becomes pregnant leave will be given of no more than 18 weeks after which the absence would be unauthorised. The academy will do all it can to support the pupil remaining in school as long as possible.

Dental and medical appointments are valid reasons for missing registration and constitute authorised absence. If the pupil leaves for an appointment after registering no absence needs to be recorded. Staff and pupils are encouraged to make general and check-up appointments outside school hours.

The academy may, exceptionally, sanction limited absence for young carers until other arrangements can be made. The Principal will set a time limit for such absences in consultation with the Principal. The Principal may also seek advice from the pastoral team or appropriate agencies before coming to a decision.

1.11 Taking a Pupil off the Admissions Register and Making Entries

The Principal will authorise the taking of a pupil's name off the register in accordance with the current (2006) Regulations. The Data Team, will undertake the changing of the admissions register. These are detailed in Appendix 1. Attendance codes are attached to this policy in Appendix 2.

1.12 Preservation of Registers

The SIMs computer system maintains all attendance records for at least the three year period required by law and is fully protected in accordance with current legislation (see 1.13). Paper copies are no longer required.

1.13 Use of Computers

(1) The 2006 Regulations allows the keeping of an admission or attendance register by means of a computer.

(2) To fulfil the 2006 requirements an additional back-up copy of the admission register and the attendance register will be made **monthly** in the form of an electronic copy. Arrangements for the storage and back-up of this information is controlled locally by each academy (see section 2).

(3) The persons authorised to inspect and take extracts from the admission register (OFSTED and LA/DfE) and the attendance register are permitted to inspect and take extracts from those registers kept by means of a computer and the additional back-up copies made in accordance with paragraph (2).

(4) Where any correction to an original entry in the registers is made, any register kept by means of a computer and any print made of any such register after the correction distinguish clearly between the original entry and the correction.

(5) Each additional back-up copy of the admissions register and the attendance register made in accordance with paragraph (2) and relating to a particular school year is retained for a period of three years after the end of that school year.

1.14 Fixed Penalty Notices

The education Act 1996 Section 444 states:

Section 444(1) If a child of compulsory school age who is a registered pupil at a school fails to attend regularly at the school, his parent is guilty of an offence.

Section 444(1a) If in the circumstances mentioned in subsection (1) the parent knows that his child is failing to attend regularly at the school and fails to cause him to do so, he/she is guilty of an offence.

Where a child is out of school for an accumulative total of 5 days or more (10 sessions) (90%) over a rolling period of ten school weeks, the school will deem this as irregular attendance and must consider a referral to the unitary authority for consideration of legal action. This could include,

- A Penalty Notice payable up to £160 fine.
- Prosecution under s444 (1) Education Act 1996, where if convicted the fine may be up to £1,000.

Prosecution under s444 (1) (a) Education Act 1996 where if convicted the fine may be up to £2,500 and/or 3 months' imprisonment.

The Trust supports the unitary authority policy and local way of working with regard to the issuing of fixed charge penalty notices to parents. Our procedures outlined in section 2 are constructed to support the requirements for the collection of evidence to allow fixed penalty notices to be issued to parents whose children fail to attend.

- the academy collects and holds data on pupil attendance and punctuality. These data are passed to the local authority as a part of the referral process for poor attenders (see 2.9)
- the unitary authority sets the criteria which attract a fixed penalty notice in its Code of Conduct
- the academy actively pursues the referral of families of poor attenders to the unitary authority for fixed penalty notices as a part of our wider attendance improvement work
- the academy will seek to work with families as a part of a formalised process before referring in most cases (the exception being those pupils who are absent unauthorised for five consecutive school days or more, for example extended family holidays in term time). See section two for details.
- the academy individually and the academy trust do not directly impose or collect revenues from fixed penalty notices. This is administered by the unitary authority.

1.15 Inspection and Census

The Principal will ensure that the Academy Admission and Attendance Registers are available for inspection by HMIs and registered Ofsted inspectors. Additionally with the Attendance Officer will ensure that data is accurate and up to date for DfE and LA downloads, and the school census.

1.16 Safeguarding

The trust and each academy recognises the key role that attendance procedures and procedures relating to the admissions register play in keeping children safe and avoiding children missing from education. Safeguarding procedures are woven through the attendance procedures as outlined in section 2 and seen as a central part of the Attendance Officer role. Procedures stated within this policy comply with the requirements of our Safeguarding policies.

1.17 Monitoring and Review

The Principal/Academy attendance leader will review the working of this policy with the academy leadership group and make at least annual reports to the CEO and Board of Directors/Academy Committee.

1.18 Using Part Time Timetables

Where the school and the resident parent/carer of the pupil have agreed formally that the pupil should be temporarily educated on a part-time bases for exceptional reasons and have agreed the times and dates when the pupil will be expected to attend as part of that timetable.

1.19 Education Off Site

Schools can allow pupils to be absent from the school site for certain educational activities or to attend other schools or settings:

- To attend an offsite approved educational activity.
- To attend another school at which the pupil is registered (dual-registration).
- To attend provision arranged by the local authority. e.g. alternative provision or as part of an education, health and care plan.
- To participate in an approved sporting activity.
- To attend an educational visit or trip arranged by the school.

As these circumstances are part of delivering a full-time education they are not classified as absences for statistical purposes

2: Routines to be undertaken by each Academy

2.1 Electronic Storage of Data

Sir Christopher Hatton Academy – This will be undertaken by the Network Manager. The admissions register and the attendance register will be stored in the Network Manager's office.

Victoria Primary Academy – This is overseen by the Attendance and Communications Officer. It is stored on SIMS. Paper copies are printed as an emergency register and are shredded once used. The admission register is stored on SIMS.

Oakway Primary Academy - This is overseen by the Data Administrator. It is stored on SIMS. Paper copies are printed as an emergency register and are shredded at the end of each session. The admission register is stored on SIMS.

Ecton Village Primary Academy – This is overseen by the Office Administrator. It is stored on SIMS. Paper copies are printed as an emergency register and shredded at the end of each session. The admission register is stored on SIMS.

2.2 Attendance Data - Half termly monitoring

Attendance patterns will be monitored termly and a report produced investigating the following:

For am and pm registration and for monitoring post registration and internal truancy:

- Across year groups
- Comparison of attendance rates for each half term accounting for in year variations (e.g. higher sickness in Winter)

2.3 Termly and Annual Monitoring

Detailed reports will be produced by the Attendance Officer which may include the following:

- Detailed examination of particular time periods
- Benchmarking against other schools and national data especially those in similar circumstances
- Link between attendance and attainment
- Use of data to evaluate the effectiveness of provision or interventions
- Different days of the week
- Changes as the term progress
- Each tutor group/class overall and in the morning and afternoon
- Reasons for absence
- SEN pupils
- Rates by ethnic group
- Pupil premium year group
- Rates by gender
- LAC and vulnerable children including pupils with responsibilities for caring
- Pupils experiencing bullying during that half term
- Monitoring post registration and internal truancy by scrutiny of attendance registers for other lessons.

This data will be used to inform the academy self-evaluation process.

2.4 Procedures for Pursuing Questionable or Persistent Absences

1. Attendance Officer will make first day response calls if a call from parent/carers or carers has not been received. This may be via an automated system.
2. If a pupil is absent for a second consecutive day, a Senior Leader, Head of Year, Attendance Officer or Family Support Worker will contact home if no contact from parents/carers has been made. The Senior Leader or Head of Year will also contact parents/carers for pupils that are absent on third day following an illness-based absence.
3. Each academy retains a list of known vulnerable pupils and uses its attendance procedures as a part of its wider safeguarding strategy. Depending on the circumstances around these children, contact with external agencies for example informing social services may be made on every day of absence. For those most at risk the police will be informed immediately. The academy may utilise an early home visit or a 'return to school meeting' for pupils who are known to be at risk in terms of safeguarding or poor attendance. We will try to arrange a suitable time for an early home visit to take place but reserve the right for these to take place unannounced e.g. if we cannot elicit a response.
4. In the event of consecutive unauthorised absence, referral will be made to the unitary council in order to prevent children becoming missing from education on the tenth day at the latest.
5. Attendance monitoring shows attendance levels for pupils. In Secondary academies those with less than 96% attendance will receive an attendance monitoring letter 1 (see Appendix 3). A new target of 96% is set over a two week monitoring period. In Primary academies those with less than 96% attendance will receive an attendance monitoring letter and this will be determined termly. (See Appendix 4/5/6) A new target of 96% is set over a two week monitoring period.

6. If the pupil fails the two week target monitoring letter 2 will be sent (Appendix 3/4/5/6) and a Parent/Carer Contract Meeting (PCM) with the parent/carers and pupil will be conducted by the Attendance Officer and/or Head of Year. Pupils at this level of intervention are required by the Attendance Officer to substantiate each absence with evidence (e.g. an appointment card). All unsubstantiated absences are recorded as unauthorised until the evidence is forthcoming. The target of 96% is reiterated and monitored over a further three or four week period. Pastoral leaders and the academy DSP is made aware of the case at this point.
7. If necessary a letter 3 will be sent and a parent/carers contract review meeting will be held with the Pastoral Team or Senior Leader. EIPT are informed of the case at this stage. The 95% target is further reinforced with a final monitoring period of four to six weeks is established. It is made clear to pupils and parents/carers that failure to meet this target will result in further EIPT involvement.
8. Pupils are referred to the Education Welfare Officer/EIPT and/or home visits including the use of fixed penalty notices where appropriate.
9. Legal action via EIPT and further ongoing evidence collected via the Academy.

Should parent/carers or carers provide evidence for absence which is known to be untrue or where attendance is already of significant concern, a letter is sent asking that all absences for a set period are backed up with evidence (e.g. appointment slips).

When pupils in the process below stage 4 meet the targets a positive letter is sent. Pupils whose attendance 'slips' again are sent a 'slipped' or follow up letter and re-established at point 2 of the process (see above) with a 96% target and a PCM established.

2.5 Procedures for Following Up Absences That Are 'Unauthorised'

- Class teachers are required to either mark pupils as present or absent (/ or N). Notes and other reasons for absence are recorded on SIMs or passed to the Attendance Officer.
- Attendance Officer to monitor absences to check these have been actioned by the form tutor/class teacher. If this is not the case, the Attendance Officer will make contact with the parent/carers to investigate the absence
- The Attendance Officer is responsible for all coding of absences.
- A letter may be sent to parent/carers to ask for an explanation for the absence
- Any suspicious circumstances are reported directly to the school DSP.

2.6 Positive Actions to Encourage Good Attendance and Punctuality

Each academy should develop positive actions to encourage good attendance. For example:

- Greater than 96% or 100% attendance certificates and prizes issued termly and annually
- Attendance a significant contributor to the house point systems
- Attendance reported in full reports and discussed at parent/carers tutor day
- School league tables of attendance levels with prizes for the highest performing form groups or classes
- Letters sent to parent/carers or carers when attendance patterns show improvement
- Rewards for pupils who are always punctual.

2.7 Steps to Reintegrate Pupils Who Have Had Extended Absence

The response will depend upon the individual child's circumstances and needs. For example, support from the SEN team in addition to the support of the form teacher/class teacher and Phase Leader/Director of Year/Pastoral team.

2.8 The Wider Staff Body

- This policy sets out the Trust's agreed procedures. These will be monitored and evaluated. Staff are invited to feedback any comments on this policy and its procedures as part of our aim for continuous progress and improvement.
- Staff should be clear on the importance of good attendance and punctuality to pupil achievement and behavior.
- Staff will receive the necessary training and induction e.g. how to take the register. The Attendance Officer/Senior Leader will be responsible for this and the Principal/Business Manager will ensure that support staff are familiar with the key features of this policy.
- Supply staff will be provided by the cover supervisor with paper registers to be used on their day in the academy. These should be returned to the Attendance Officer/Data Administrator.
- Staff undertaking lesson cover should use SIMs or academy procedure to take the class register.
- The Attendance Officer/Senior Leader will monitor the taking of registers and compliance with the procedures in this policy. Non-compliance will be actioned.
- The Attendance Officer/Senior Leader will monitor the quality of data recorded by staff and undertake any procedures to deal with any concerns.
- Training for specific staff is as required e.g. on the specific needs of young carers.

2.9 Involving Parent/Carers

- Parent/carers have a key role in ensuring good attendance at the academy. Our expectations are clearly laid out in the home school agreement and prospectus. In addition parent/carers will be issued with an information leaflet as part of Year 7/Year R induction.
- In addition to the trust letter system, information leaflets may be sent when attendance issues become apparent, especially low level missing of school
- Use academy promotional material, parent/carers' evenings, pupil reviews, and home/school agreements to engage parent/carers/carers
- Communicating clearly with parent/carers about the consequences of truancy and parentally condoned absence
- Provide information to parent/carers on the sanctions for failure to meet their responsibilities, link between poor attendance and reduced attainment, range of support services that parent/carers can access.
- Ensure that parent/carers are clear about what constitutes absence and how these are or are not authorised.

2.10 Involving Pupils

- Pupil questionnaires may be undertaken for the whole academy and with selected groups as judged appropriate to the identify attendance issues.
- Attendance whole school and for forms/classes is published on the school digital screens and newsletters where applicable.

- Certificates for 100% or 96%+ attendance where used.
- Prizes/certificates for improving attendance.
- Communicating clearly with pupils about the consequences of truancy and parent/carer condoned absence.
- Stressing the importance of punctuality and ensuring all are clear on the sanctions for lateness.

2.11 Work with External Agencies

- The Trust academies works closely with the Education Inclusion Partnership team (EIPT), which is the North Northamptonshire Unitary Council provision to improve attendance (see 1.14)
- The 'local way of working' established by EIPT requires that pupils with ten school days or sessions at Oakway Academy or more of consecutive unauthorised absence (e.g. an extended family holiday in term time) should be referred immediately to them for a fixed penalty notice.
- The 'local way of working' established by EIPT also indicates that pupils with a minimum of 10 school sessions (2 sessions in a day AM & PM) recorded as unauthorised in a 6 school week period should be referred to them for consideration for a fixed penalty notice. The Trust procedures for those with low attendance supports this (see 2.2)
- Attendance reporting and procedural responses form a part of the academy's response to welfare and safeguarding concerns. Social services and other agencies are frequently informed of attendance and attendance information is provided to support multi-agency meetings and support networks.
- While attendance frequently forms part of multiagency working team arrangements, trust attendance processes (such as monitoring periods, referrals and letters) will continue alongside these.

3: Punctuality

3.1 Late arrivals/Punctuality

Definition for Sir Christopher Hatton Academy

Lateness and post-registration absence procedures are to be understood by all. There is a bell at 8:30am at the beginning of each day to alert staff and pupils that the first session is due to begin. Lateness is defined by the academy as not being in school by the 8:30am bell; or in registration form group (or lesson on a Tuesday) by 8:35am.

There is an afternoon warning bell at 12:55pm on Monday, Wednesday and Friday and at 1:10pm on Tuesday or Thursday to alert staff and pupils that the next session will commence in 5 minutes.

Teachers and other staff are to be clear that if pupils are not in their class by these times they are considered as late. There is to be no latitude from teachers in the definition of lateness.

Definition for Victoria Primary Academy

The academy day starts at 8.45am and 12:40 for EYFS and KS1, 1:10 for Years 3 and 4 and 1:30 for Years 5 and 6. Lateness begins from 8.55am and 12:45, 1:15 or 1:35pm depending upon year group.

Definition for Oakway Primary Academy

The academy day starts at 8.50am and 12.30pm for EY, KS1 and Year 4 or 1.00pm for the rest of KS2. Lateness begins from 9.00am and 12.35pm or 1.05pm dependent on year group.

Definition for Ecton Village Primary Academy

The academy day starts at 8.50am and 1.00pm. Lateness begins from 9.00am and 1.05.

3.2 Procedures

Sir Christopher Hatton Academy

The academy operates a 'late gate'. Pupils arriving between 8.30am in the morning and 8:40am will be met by the family support worker or member of the leadership team at the gate and receive a late mark. This will result in a same-day lunch-time detention. Pupils arriving after late gate ceases to operate (8:40am) should sign in at main reception. Their name will be added to the late gate list. The detention sanction is then applied.

Pupils in school who fail to arrive on time to morning registration on Mondays, Wednesdays and Fridays or first lesson on Tuesdays and Thursdays will have their lateness recorded on SIMs. The late gate list is updated and the same sanctions apply. The disruption to the lesson of the late arrival should be kept to a minimum and no further action at this time is required by the subject teacher who should concentrate upon the lesson.

Victoria Primary Academy

Children who arrive after 8.50am and for all afternoon sessions arrive through the main entrance and parents/pupils must explain lateness to office staff. This is recorded on the SIMS system.

Letters are sent home to parents/carers of pupils with persistent lateness and are also asked to meet with the Attendance Officer.

Oakway Primary Academy

Children arriving after 9am will be met outside main reception by the a member of the Welfare/Attendance team or a senior leader where they must be able to explain their lateness and this will be recorded on the registration certificate along with the time they arrive.

Parents of persistently late children will receive a letter and may be asked to attend a meeting with the Welfare team.

Ecton Village Primary Academy

Children who arrive after 9.00 am and for all afternoon sessions arrive through the main entrance and parents/pupils must explain lateness to office staff.

Parents of persistently late children will receive a letter and may be asked to attend a meeting to discuss attendance with the Principal.

3.3 Consequences of lateness

Sir Christopher Hatton Academy

As described in section 3.2, there is a standard detention response to lateness.

For pupils who are persistently late, further action will be taken to improve punctuality. This may include the use of a punctuality report and sanctions for each further incident of lateness. Letter home to parents/carers or meetings may form part of the individual strategy for particular pupils.

Victoria Primary Academy

Lateness does not have a direct consequence for the pupils themselves. Persistent lateness would have intervention to parents/carers from the pastoral team.

Oakway Primary Academy

Lateness will not have any direct consequence for pupils. Persistent lateness will result in intervention from the Welfare team.

Ecton Village Primary Academy

Lateness will not have any direct consequence for pupils. Persistent lateness will result in intervention from the Principal.

Appendix 2 - Absence and Attendance Codes

The national codes enable schools to record and monitor attendance and absence in a consistent way which complies with the regulations. They are also used for collecting statistics through the School Census System. The data helps schools, local authorities and the Government to gain a greater understanding of the level of, and the reasons for, absence.

The codes are:

Code / \: Present at the school / = morning session \ = afternoon session

Pupils must not be recorded as present if they are not in school during registration. If a pupil were to leave the school premises after registration, they will still be counted as attending for statistical purposes. This code is classified for statistical purposes as attending.

Code L: Late arrival before the register is closed

The pupil was absent when the register started being taken but arrives before the register is closed. Schools should actively discourage late arrival and be alert to patterns of late arrival. All schools are expected to set out in their attendance policy the length of time the register will be open, after which a pupil will be recorded as absent. This should be the same for every session and not longer than 30 minutes. If a pupil is recorded with code N but arrives later in the session after the register has closed, the attendance register must be amended to record them as absent using code U or another absence code that is more appropriate. This code is classified for statistical purposes as attending.

Attending a place other than the school

Code K: Attending education provision arranged by the local authority

The pupil is attending a place, other than the school or any other school at which they are a registered pupil, for educational provision arranged by a local authority under section 19(1) of the Education Act 1996 (exceptional provision of education), section 42(2), or 61(1) of the Children and Families Act 2014 (special educational provision off site). A pupil attending provision arranged by the school rather than the local authority must be recorded using Codes P or B instead. Schools must also record the nature of the provision (regulation 10(5)), examples are:

- attending courses at college;
- attending unregistered alternative provision.

Schools should ensure that arrangements are in place whereby the education provider notifies the school of any absence by the pupil. The school must record the pupil's absence using the relevant absence code. This code is classified for statistical purposes as attending an approved educational activity.

Code V: Attending an educational visit or trip

The pupil is attending a place, other than the school or any other school at which they are a registered pupil, for an educational visit or trip arranged by or on behalf of the school and supervised by a member of school staff. The visit or trip must take place during the session for which it is recorded.

If the pupil does not attend the visit or trip the school must record the pupil's absence using the relevant absence code. This code is classified for statistical purposes as attending an approved educational activity.

Code P: Participating in a sporting activity

The pupil is attending a place for an approved educational activity that is a sporting activity. The sporting activity must take place during the session for which it is recorded. A pupil can only be recorded as attending a place for an approved educational activity if:

- the place is somewhere other than the school, another school where the pupil is registered, or a place where educational provision has been arranged for the pupil by a local authority under section 19(1) of the Education Act 1996 or sections 42(2) or 61(1) of the Children and Families Act 2014;
- the activity is of an educational nature;
- the school has approved the pupil's attendance at the place for the activity; and
- the activity is supervised by a person considered by the school to have the appropriate skills, training, experience and knowledge to ensure that the activity takes place safely and fulfils the educational purpose for which the pupil's attendance has been approved. Supervision means the pupil is physically supervised by someone who meets this definition.

If schools have concerns about the appropriateness of an activity, they can seek advice from the sports' national governing body. The final decision on approving the activity, however, rests with the school and they should take the effect on the pupil's general education into account.

Schools have responsibilities for the safeguarding and welfare of pupils attending an approved educational activity. The school will need to be satisfied that appropriate measures have been taken to safeguard the pupil. Schools should ensure that they have in place arrangements whereby the provider of the sporting activity notifies the school of any absence by the pupil. The school must record the pupil's absence using the relevant absence code. This code is classified for statistical purposes as attending an approved educational activity.

Code W: Attending work experience

The pupil is attending a place for an approved educational activity that is work experience provided under arrangements made by a local authority or the school as part of the pupil's education. The work experience must take place during the session for which it is recorded. A pupil can only be recorded as attending a place for an approved educational activity if:

- the place is somewhere other than the school, another school where the pupil is registered, or a place where educational provision has been arranged for the pupil

by a local authority under section 19(1) of the Education Act 1996 or sections 42(2) or 61(1) of the Children and Families Act 2014;

- the activity is of an educational nature;
- the school has approved the pupil's attendance at the place for the activity; and

- the activity is supervised by a person considered by the school to have the appropriate skills, training, experience and knowledge to ensure that the activity takes place safely and fulfils the educational purpose for which the pupil's attendance has been approved. Supervision means the pupil is physically supervised by someone who meets this definition.

Schools have responsibilities for the safeguarding and welfare of pupils attending an approved educational activity. The school will need to be satisfied that appropriate measures have been taken to safeguard the pupil. Schools should ensure that they have in place arrangements whereby the provider of the work experience notifies the school of any absence by the pupil. The school must record the pupil's absence using the relevant absence code.

This code is classified for statistical purposes as attending an approved educational activity.

Code B: Attending any other approved educational activity

The pupil is attending a place for an approved educational activity that is not a sporting activity or work experience. The educational activity must take place during the session for which it is recorded.

A pupil can only be recorded as attending a place for an approved educational activity if:

- the place is somewhere other than the school, another school where the pupil is registered, or a place where educational provision has been arranged for the pupil by a local authority under section 19(1) of the Education Act 1996 or sections 42(2) or 61(1) of the Children and Families Act 2014;
- the activity is of an educational nature;
- the school has approved the pupil's attendance at the place for the activity; and
- the activity is supervised by a person considered by the school to have the appropriate skills, training, experience and knowledge to ensure that the activity takes place safely and fulfils the educational purpose for which the pupil's attendance has been approved. Supervision means the pupil is physically supervised by someone who meets this definition.

Schools must also record the nature of the approved educational activity (regulation 10(5)), examples are:

- attending transition days at other schools;
- attending courses at college;
- attending unregistered alternative provision arranged by the school.

Schools have responsibilities for the safeguarding and welfare of pupils attending an approved educational activity. The school will need to be satisfied that appropriate measures have been taken to safeguard the pupil. Schools should ensure that they have in place arrangements whereby the provider of the educational activity notifies the school of any absences by the pupil. The school must record the pupil's absence using the relevant absence code. This code is classified for statistical purposes as attending an approved educational activity.

Absent - leave of absence

All schools must use the following codes to record the reason for a pupil being absent with leave:

Code C1: Leave of absence for the purpose of participating in a regulated performance or undertaking regulated employment abroad.

All schools can grant leaves of absence for pupils to undertake employment (paid or unpaid) during school hours. Schools maintained by a local authority and special schools not maintained by a local authority can only do so in the following circumstances (under regulation 11(2)):

- Where the local authority have granted a licence for the pupil to take part in a performance regulated by section 37(2) of the Children and Young Persons Act 1963.
- Where a pupil does not need a licence for such a performance because an exception applies under section 37(3) of the Children and Young Persons Act 1963, including where a Body of Persons Approval (BOPA) covering the pupil has been issued by the local authority in whose area the performance will take place or the Secretary of State.
- Where a Justice of the Peace has given the pupil a licence to go abroad for a performance or other regulated purpose under section 25(2) of the Children and Young Persons Act 1933.

Schools should be sympathetic to requests for leave of absence that are supported by a licence issued by a local authority or a BOPA; as long as the school remains satisfied that this will not have a negative effect on a pupil's education. Where a local authority licence specifies the dates that a pupil is to be away from school to perform, the school should record the absence for those days as if a leave of absence had been applied for and granted. Where the terms of the local authority licence do not specify dates, however, or where a BOPA or other exemption or licence from a Justice of the Peace applies, it is at the discretion of the school to grant leave of absence.

Schools that are not required to follow regulation 11, must still use this code to record a pupil who is absent with leave for the purpose of participating in a regulated performance or work abroad under a licence or exemption as described above. This code is classified for statistical purposes as authorised absence.

Code M: Leave of absence for the purpose of attending a medical or dental appointment

Schools should encourage parents to make appointments out of school hours. Where this is not possible, they should get the school's agreement in advance and the pupil should only be out of school for the minimum amount of time necessary for the appointment.

Schools maintained by a local authority and special schools not maintained by a local authority can only grant leave of absence for this under regulation 11(11), where an application is made in advance by a parent the pupil normally lives with (or the pupil if they will be over compulsory school age by the time of the absence), and the school is satisfied that, based on the individual facts of the case, there are exceptional circumstances which justify the leave.

Schools that are not required to follow regulation 11, must still use this code to record a leave of absence has been granted for the purpose of attending a medical or dental appointment.

If a pupil is present at registration but then leaves the school to attend a medical or dental appointment during the session in question, no absence needs be recorded for that session. This code is classified for statistical purposes as authorised absence.

Code J1: Leave of absence for the purpose of attending an interview for employment or for admission to another educational institution Schools maintained by a local authority and special schools not maintained by a local authority can grant leave of absence, under regulation 11(4), where an application has been made in advance by the parent who the pupil normally lives with (or the pupil if they will be over compulsory school age by the time of the absence) and the leave is to enable the pupil to attend an interview for employment or admission to another educational institution.

Schools that are not required to follow regulation 11, must still use this code to record a leave of absence has been granted for the purpose of attending an interview for employment or for admission to another educational establishment. This interview must take place during the session for which it is recorded. This code is classified for statistical purposes as authorised absence.

Code S: Leave of absence for the purpose of studying for a public examination 328. Schools maintained by a local authority and special schools not maintained by a local authority can grant leave of absence, under regulation 11(5), for a pupil to study for a public examination where the leave has been agreed in advance with a parent who the pupil normally lives with (or the pupil if they will be over compulsory school age by the time of the absence).

Study leave should not be granted by default once tuition of the exam syllabus is complete and should be used sparingly. If schools do decide to grant study leave, provision must still be made available for those pupils who want to continue to come into school to revise.

Schools that are not required to follow regulation 11, must still use this code to record when a pupil is absent with leave that has been granted for the purpose of studying for a public examination. This code is classified for statistical purposes as authorised absence.

Code X: Non-compulsory school age pupil not required to attend school. Schools maintained by a local authority and special schools not maintained by a local authority can grant a leave of absence, under regulation 11(7) or (8) for a pupil not of compulsory school age to attend school part-time.

Schools that are not required to follow regulation 11, must still use this code to record when a pupil is absent with leave because their timetable does not require them to attend.

Where the pupil is absent when timetabled to attend the school, the absence must be recorded using the appropriate absence code not code X. This code is classified for statistical purposes as not a possible attendance.

Under compulsory school age

In cases where a parent wishes their child to begin school on a part-time basis in line with the school admissions code, schools maintained by a local authority and special schools not maintained by a local authority may give leave of absence for sessions the pupil is not expected to attend. This must be agreed between the school and the parent they normally live with and must end at the point at which the pupil reaches compulsory school age. The times and dates when the pupil is expected to attend the school must be agreed by the school and the parent with whom the pupil normally lives with.

Over compulsory school age

Where a sixth form pupil's timetable does not require them to be on site for every session of the week, a school maintained by a local authority or a special school not maintained by a local authority may give leave of absence. The times and dates when the pupil is expected to attend the school must be agreed with the parent with whom the pupil normally lives with or the pupil.

Code C2: Leave of absence for a compulsory school age pupil subject to a part-time timetable

All pupils of compulsory school age are entitled to a full-time education. In very exceptional circumstances, where it is in a pupil's best interests, there may be a need for a temporary part-time timetable to meet their individual needs.

Schools maintained by a local authority and special schools not maintained by a local authority can grant a leave of absence, under regulation 11(6) to temporarily reduce the timetable of a pupil of compulsory school age to part-time, if the school and a parent who the pupil normally lives with have agreed that, exceptionally, the pupil should temporarily be educated only part-time and have agreed the times and dates when the pupil will, during the period of temporary part-time education, be expected to attend the school.

Schools that are not required to follow regulation 11, must still use this code to record when a pupil is absent with leave because they are subject to a part-time timetable in line with an agreement between the school and a parent the pupil normally lives with that the pupil should temporarily be educated part-time.

Where a pupil is receiving a full-time education, but only part-time at the school in question (e.g. dual registration, part-time unregistered alternative provision or flexi-schooling) this code must not be used and the appropriate code for why the pupil is not in school for that session should be used. This code is classified for statistical purposes as authorised absence.

Code D: Dual registered at another school

The law allows a pupil to be registered at more than one school. This code is used to indicate that the pupil is absent with leave to attend the other school at which they are registered. The main examples of dual registration are pupils who are attending a pupil referral unit, a hospital school or a special school on a temporary basis.

The school at which the pupil is scheduled to attend must record the pupil's attendance and absence with the relevant code. Code D may only be used by either school for a session where the pupil is scheduled to attend the other school at which they are registered. Schools should ensure that they have in place arrangements whereby all unexpected and unexplained absences are promptly followed up. This code is classified for statistical purposes as not a possible attendance to avoid double counting.

Code C: Leave of absence for exceptional circumstance

All schools are able to grant a leave of absence at their discretion. A leave of absence should not, and from a school maintained by a local authority or a special school not maintained by a local authority, must not be granted unless there are exceptional circumstances.

Schools must judge each application individually considering the specific facts and circumstances and relevant background context behind each request. Where a leave of

absence is granted, the school will determine the number of days a pupil can be absent from school. A leave of absence is granted entirely at the school's discretion.

Schools maintained by a local authority and special schools not maintained by a local authority can only grant such a leave of absence under regulation 11(11), where an application is made in advance by a parent the pupil normally lives with (or the pupil if they will be over compulsory school age by the time of the absence).

Generally, a need or desire for a holiday or other absence for the purpose of leisure and recreation would not constitute an exceptional circumstance.

Schools that are not required to follow regulation 11, must still use this code to record where a pupil is absent with leave for a reason that is not covered by another leave of absence code. This code is classified for statistical purposes as authorised absence.

Pregnant pupils

Leave for maternity is treated like any other leave of absence in exceptional circumstances. Schools are expected to act reasonably and grant a sufficient period of leave from school, taking into consideration the specific facts and circumstances of each case. Ultimately, it is at the school's discretion how much leave to grant.

Absent - other authorised reasons

Code T: Parent travelling for occupational purposes

The pupil is a mobile child and their parent(s) is travelling in the course of their trade or business and the pupil is travelling with them. A mobile child is a child of compulsory school age who has no fixed abode and whose parent(s) is engaged in a trade or business of such a nature as to require them to travel from place to place.

Schools should not unnecessarily ask for proof that the parent is travelling for occupational purposes, this should only happen when there is genuine and reasonable doubt about the authenticity of the reason for absence given. If there is doubt over the reason given, the school may ask for proof that the family are required to travel for occupational purposes during the period of absence.

To help ensure continuity of education for pupils, when their parent(s) is travelling for occupational purposes in England, it is expected that the pupil should attend a school where their parent(s) is travelling and be dual registered at that school and their main school. This code is classified for statistical purposes as authorised absence.

Whilst for statistical purposes this is counted as authorised absence, if a pupil's attendance was to fall below an acceptable level consideration may be given to attendance enforcement.

Defence in the law

Parents can in some circumstances, present a defence against prosecution, under section 444(6) of the Education Act 1996. This defence applies where the child has no fixed abode, and the parent can prove that they are engaged in a trade or business that requires them to travel from place to place and that the child has been attending school as regularly as the trade or business permits. If the child is aged 6 or older, the parent must also prove that the child has attended school for at least 200 sessions in the preceding 12 months. This is in

addition to the requirement to prove that the child has attended as regularly as the trade or business permits, which means that if the trade or business permits the child to attend for more than 200 sessions, they should do so.

Code R: Religious observance

The pupil is absent on a day that is exclusively set apart for religious observance by the religious body the parent(s) belong to (not the parents themselves). As a general rule, 'a day exclusively set apart for religious observance' is a day when the pupil's parents would be expected by the religious body to which they belong to stay away from their employment in order to record the occasion. If in doubt, schools should seek advice from the parent's religious body about whether it has set the day apart for religious observance.

If a religious body sets apart a single day for a religious observance and the parent applies for more than one day, the school may only record one day using this code; the rest of the time would need a leave of absence, and this is granted at the school's discretion as set out under Code C.

Schools and local authorities may seek to minimise the adverse effects of religious observance on a pupil's attendance and attainment by considering approaches such as:

- Setting term dates around days for religious observance;
- Working with local faith groups to develop guidance on absence for religious observance;
- Taking INSET days that coincide with religious observance days; and
- Providing individual support for pupils who miss sessions on days exclusively set apart for religious observance.

This code is classified for statistical purposes as authorised absence.

Code I: Illness (not medical or dental appointment)

The pupil is unable to attend due to illness (both physical and mental health related). Schools should advise parents to notify them on the first day the child is unable to attend due to illness.

Schools are not expected to routinely request that parents provide medical evidence to support illness absences. Schools should only request reasonable medical evidence in cases where they need clarification to accurately record absence in the attendance register – i.e. making a decision that code I is the absence code that accurately describes the reason the pupil is not in school for the session in question. In the majority of cases a parent's notification that their child is too ill to attend school will be that evidence and can be accepted without question or concern. Only where the school has genuine and reasonable doubt about the authenticity of the illness should medical evidence be requested to support the absence.

Where medical evidence is deemed necessary, schools should not be rigid about the form of evidence requested and should speak to the family about what evidence is available. Schools should be mindful that requesting additional medical evidence unnecessarily places pressure on health professionals, their staff and their appointment system, particularly if the illness is one that does not require treatment by a health professional. Where a parent cannot provide evidence in the form requested but can provide other evidence, schools should take this into account. Where a parent cannot provide any written evidence the school should have a conversation with the parent and pupil, if appropriate, which may in itself serve as the

necessary evidence to record the absence. This code is classified for statistical purposes as authorised absence.

Code E: Suspended or permanently excluded

The pupil is suspended from school or permanently excluded from school on disciplinary grounds, but their name is still entered in the admission register, and no alternative provision has been made for the pupil to continue their education.

When a pupil of compulsory school age is suspended or permanently excluded on disciplinary grounds from a maintained school, pupil referral unit, academy, city technology college, or city college for the technology of the arts, alternative provision must be arranged from the sixth consecutive school day of any suspension or permanent exclusion. Where the pupil is attending alternative provision, for the session in question, schools should record this using the appropriate attendance code or if the pupil is attending another school at which they are a registered pupil, schools should record this using code D (dual registered at another school). This code is classified for statistical purposes as authorised absence.

Absent - unable to attend school because of unavoidable cause

Code Q: Unable to attend the school because of a lack of access arrangements

Code Q is only used where a pupil is absent because the local authority has a legal duty to arrange home-to-school travel for the pupil and they have not done so, or because the pupil has no choice but to attend a school that does not qualify for such travel arrangements and is more than walking distance from where they live. These circumstances are set out in law but in summary are where:

- the local authority has a duty to arrange the pupil's home to school travel and has

not; or

- the pupil is registered at a private school that is beyond walking distance from the pupil's home and the local authority has not arranged boarding for them or enabled them to go to a state school nearer to their home.

This code is classified for statistical purposes as not a possible attendance.

Code Y1: Unable to attend due to transport normally provided not being available

The pupil is unable to attend because the school is not within walking distance of their home and the transport to and from the school that is normally provided for the pupil by the school or local authority is not available.

Walking distance in relation to a child under the age of 8, means 2 miles, and for a child of 8 or above, means 3 miles. In each case measured by the nearest available route. This code is classified for statistical purposes as not a possible attendance.

Code Y2: Unable to attend due to widespread disruption to travel

The pupil is unable to attend the school because of widespread disruption to travel caused by a local, national, or international emergency. This code is classified for statistical purposes as not a possible attendance.

Code Y3: Unable to attend due to part of the school premises being closed

Part of the school premises is unavoidably out of use and the pupil is one of those that the school considers cannot practicably be accommodated in those part of the premises that remain in use. This code is classified for statistical purposes as not a possible attendance.

Code Y4: Unable to attend due to the whole school site being unexpectedly closed

Where a school was planned to be open for a session, but the school is closed unexpectedly (e.g. due to adverse weather), the attendance register is not taken as usual because there is no school session. Instead, every pupil listed in the admission register at the time must be recorded with code Y4 to record the fact that the school is closed.

This code may not be used for any planned closure such as weekends or holidays.

This code is classified for statistical purposes as not a possible attendance.

Code Y5: Unable to attend as pupil is in criminal justice detention

The pupil is unable to attend the school because they are:

- in police detention,
- remanded to youth detention, awaiting trial or sentencing, or
- detained under a sentence of detention.

If a pupil is remanded to local authority accommodation, they should attend school as normal where possible and where it is not possible any absence should be recorded using the appropriate code.

A pupil's absence should be recorded under code Y7 (Unable to attend because of any other unavoidable cause) if they are unable to attend because they are serving a community based (i.e. non-detained) part of a sentence of detention, referral order, or youth rehabilitation order that requires them to be absent during the school day.

Schools are expected to communicate with the pupil's Youth Offending Team worker while the pupil is in custody and remains on the school roll to discuss the pupil's educational needs, progress and return to the school upon their release where appropriate. Education is a key part of effective resettlement, therefore it is important that schools maintain contact with the Youth Offending Team throughout the sentence to support the child's resettlement where appropriate. This code is classified for statistical purposes as not a possible attendance.

Code Y6: Unable to attend in accordance with public health guidance or law

The pupil is well enough to attend (otherwise Code I would have been recorded) but there are Government rules or guidance to limit the spread of infection or disease which say they should not attend. Meaning, the pupil's travel to or attendance at the school would be:

- contrary to any guidance relating to the incidence or transmission of infection or disease published by the Secretary of State for Health and Social Care (or the equivalent in Scotland, Wales or Northern Ireland), or
- prohibited by any legislation relating to the incidence or transmission of infection or disease.

Code Y7: Unable to attend because of any other unavoidable cause

An unavoidable cause, that is not covered by one of the other 'unable to attend' codes detailed above, is preventing the pupil from attending the school.

This code should be used only where something in the nature of an emergency has prevented the pupil from attending the session in question. The unavoidable cause must be something that affects the pupil, not the parent. The fact that a parent has done all they can to secure the attendance of the pupil at school does not, in itself, mean the pupil has been prevented by unavoidable cause.

Schools must also record the nature of the unavoidable cause (regulation 10(6)),

examples are:

- Bail conditions (that prevent the pupil from attending the school or being present in the area where the school is situated)
- Court attendance (where the pupil is legally required to attend Court)

This code is classified for statistical purposes as not a possible attendance.

Absent - unauthorised absence

Code G: Holiday not granted by the school

The school has not granted a leave of absence and the pupil is absent for the purpose of a holiday.

A school cannot grant a leave of absence retrospectively. If the parent did not apply in advance, leave of absence should not be granted.

This code is classified for statistical purposes as unauthorised absence.

Code N: Reason for absence not yet established

Schools must follow up all unexplained and unexpected absence in a timely manner. Every effort should be made to establish the reason for a pupil's absence. When the reason for absence has not yet been established before the register closes, the absence must be recorded with code N.

Where absence is recorded as code N (reason not yet established) in the attendance register, the correct absence code should be entered as soon as the reason is ascertained, but no more than 5 school days after the session (regulation 10(7) to (9)).

Code N must not therefore be left on the pupil's attendance record indefinitely; if a reason for absence cannot be established within 5 school days, schools must amend the pupil's record to Code O.

This code is classified for statistical purposes as unauthorised absence.

Code O: Absent in other or unknown circumstances

Where no reason for absence is established or the school is not satisfied that the reason given is one that would be recorded using one of the codes statistically classified as authorised. This code is classified for statistical purposes as unauthorised absence.

Code U: Arrived in school after registration closed

Where a pupil has arrived late after the register has closed but before the end of session.

Schools should actively discourage late arrival, be alert to patterns of late arrival and seek an explanation from the parent. All schools are expected to set out in their attendance policy the length of time the register will be open, after which a pupil will be recorded as absent. This should be the same for every session and not longer than 30 minutes. This code is classified for statistical purposes as unauthorised absence.

Administrative codes**Code Z: Prospective pupil not on admission register**

To enable schools to set up registers in advance of pupils joining the school to ease administration burdens. Most school admissions involve the school or admission authority offering a place to the parent of the prospective pupil (or, in the case of admission to sixth form, the prospective pupil). An offer of a place is not an agreement. Before a pupil can be registered at a school the parent (or prospective pupil) must have accepted the offer, either by agreeing the starting day in advance or by the fact of the pupil attending the school on that day. In the normal admissions round, when parents have accepted the school place and starting day offered, the local authority can communicate that agreement to schools on behalf of the parent. This can also be the case where the local authority co-ordinate in-year applications for school places.

Schools must enter pupils' names on the admission register on the first day that the school and a person with control of the pupil's attendance have agreed that the pupil will attend the school. If no date has been agreed or notified, the pupil's name must be entered on the first day they attend the school. Names must be added before or at the beginning of the first session on that day.

If a pupil fails to attend on the agreed starting day, the school must follow this up and try to establish the reason for absence. This code is not collected for statistical purposes.

Code #: Planned whole school closure

Whole school closures that are known and planned in advance such as:

- days between terms;
- half terms;
- occasional days (for example, bank holidays);
- weekends (where it is required by the management information system);
- up to 5 non-educational days; and
- use of the whole school as a polling station.

This code is not collected for statistical purpose.
